

Application for Constituent Status in the Standifer Gap SDA School (or Academy)

Thank you for your interest in sending one or more of your children to the Standifer Gap Seventh-day Adventist Elementary school. We believe we have one of the finest educational facilities in the country. This is based not only on the results of *CognitiveGenesis*,* but our commitment to keep tuition rates as affordable as possible. If you are currently an active church member or have presented your transfer of membership request to our church clerk, or if your child's grandparents are active members at Standifer Gap Seventh-day Adventist church, you are eligible to benefit from the current constituent tuition rate for the coming school year.

We are so glad that you have chosen our church to be your church home. For us to continue to offer the discounted rate to our members' children, we do have certain expectations. **All new members should join our current membership in supporting the church not only with their attendance, but financially as well.**

**CognitiveGenesis is a 4-year study that included 30,000 North American Adventist school students, grades 3-9 and 11. It shows that each year attending an Adventist school improves students' average scholastic achievement. This research, conducted at La Sierra University, demonstrates that, overall, Adventist school students perform better than the national average. For more information, go to <http://www.cognitivegenesis.org/>.*

I have read and am committed to following the above expectations for constituent status.
