1. How is creation or the act of creation portrayed in Psalm 104 in comparison to Genesis 1 & 2?
  
  
  
  
  
  
  
  
  
  
2. What picture of God as Creator do we see: How involved is He? What's His connection with creation & humans? What names are used for the Creator? What does this tell us about God?
  
  
  
  
  
  
  
  
  
  
3. How should Sabbath reflect these truths about our Lord God as Creator in our lives (refer to your answers for question #2)? {vv. 31-34}

### **Application / Thought Questions**

1. On a scale from 1 to 10: how/where would you rate your dependence on God as your Creator Lord?
  
  
  
  
  
  
  
  
  
  
2. When has God's provision come at just the right time? When has His provision seemed to be tardy (according to human understanding)?
